INDEX

AMOEBA proteus Pallas, golgi apparatus, 240.
Anuran tail skin and muscle, rate of histolysis during metamorphosis, 199.
Arbacia egg, effect of CO_2 on cleavage rate, 63.
—— ——, influence of CO_2 on oxygen consumption, 48.

BECK, LYLE V. *See* Schmitt and Beck, 269.
BLUM, HAROLD F. Studies of photodynamic action, II. The relationship between hemolysis by irradiated and non-irradiated eosine, 81.
Breathing rhythm of Canis mustelus and Squalus acanthias in relation to temperature, 104.
BROWN, V. E. The golgi apparatus of Amoeba proteus Pallas, 240.
BUTCHER, EARL O. The formation, regeneration, and transplantation of eyes in Pecten, 154.

CANIS mustelus, temperature and breathing rhythm, 104.
Carbon dioxide, effect on cleavage rate of Arbacia egg, 63.
—— ——, influence on oxygen consumption of Paramecium and egg of Arbacia, 48.
Carbon monoxide, effect on nerve irritability, 269.
Cardiac muscles of invertebrates, IV, 293.
Castration, in relation to production of hibernation in thirteen-lined ground squirrel, 114.
Cattle ciliates, method for cultivation, 301.
Cephalopods, chromatophores of, 247.
Cercaria hamata, reactions to light and mechanical stimuli, 95.
Chaetopterus egg, development of fragments, 71.
Chromatophores of cephalopods, 247.
Citellus tridecemlineatus (Mitchill), factors controlling production of hibernation, 114.
CLAUSEN, H. J. Rate of histolysis of anuran tail skin and muscle during metamorphosis, 199.
Cleavage rate of Arbacia egg, effect of carbon dioxide, 63.
Confined air in relation to production of hibernation in thirteen-lined ground squirrel, 114.
Cultivation of cattle ciliates, methods for, 301.

DETWILER, S. R. and G. E. MCKENNON. Further studies upon the nerve supply and function of supernumerary grafted limbs, 353.
Development of fragments of fertilized Chaetopterus egg, 71.
DOBZHANSKY, TH. Time of development of the different sexual forms in Drosophila melanogaster, 128.
Drosophila melanogaster, time of development of sexual forms, 128.
DUBUISSON, M. New physiological studies on cardiac muscles of invertebrates, IV. The electrocardiogram of Limulus polyphemus, 293.

ELECTROCARDIOGRAM of Limulus polyphemus, 293.
ETKIN, WILLIAM N. Growth of the thyroid gland of Rana pipiens in relation to metamorphosis, 285.
Eyes, in Pecten, formation, regeneration and transplantation, 154.

FATNESS and production of hibernation in thirteen-lined ground squirrel, 114.
Formation of eyes in Pecten, 154.
Fresh-water Medusa, found in Stallworth Lake, Tuscaloosa, Alabama, 222.

GAMETES, unfertilized, longevity of, 233.
GELLHORN, E. Quantitative studies in ion antagonism, 339.
Glomerular development of vertebrate kidney in relation to habitat, 135.
